

DELAY OF DRAFT UNTIL NEW YEAR IS POSSIBILITY

Administration Admits
Amendment Has Good
Chance to Pass

BULLETIN
Washington, Aug. 15—(AP)—The house rejected today a proposal to restrict to the continental United States and a few other areas under the American flag the use of National Guardsmen and army reserves who soon may be called to active service.

By a teller vote of 210 to 110, the members defeated an amendment offered to pending army reserve legislation by Rep. Miller (R-Calif.) to substitute this restriction for a provision allowing service anywhere in the western hemisphere, American territories and possessions.

That senate-approved legislation would give President Roosevelt authority to order the Guardsmen and reserves into active service for one year.

Washington, Aug. 15—(AP)—Senator Downey (D-Calif.) proposed today that the Burke-Wadsworth compulsory military service bill include provision for construction of a national system of super-highways to furnish jobs for conscripts completing army training.

Such an undertaking, Downey told the senate, would "eliminate" unemployment and would solve one of the chief problems likely to follow conscription.

Most conscripts would be taken from the ranks of the unemployed, the Californian argued. He said they should not be turned out of training camps without jobs.

Downey, opening the fifth day of senate debate on the legislation, told reporters he planned to support a compromise measure by Senator Maloney (D-Conn.), which would delay conscription until January 1 at least.

Delay May Carry
Administration strategists privately acknowledged today that there was a good chance the senate might reject immediate conscription in favor of a compromise program deferring the start of compulsory service until January.

These leaders said their drive for enactment of the Burke-Wadsworth immediate conscription bill had run into difficulties because of the statement by Brigadier General William E. Shedd, Assistant Chief of Staff, that the army would be unable to absorb a full quota of conscripts before December.

This army statement they said, had furnished ammunition to backers of the compromise measure offered by Senator Maloney who would register all men between 21 and 31 immediately but postpone the calling of conscripts until 1941.

Unless senate sentiment shifts before a vote is reached on the Maloney compromise next week, leaders reported after a check-up, the measure was apt to win approval.

It was pointed out that the compromise, in providing for inauguration of conscription next January, makes the start contingent on the army's failure to obtain enough men by voluntary enlistment by that date.

42 Planes Take Off on Tour of State This Morn

Springfield, Ill., Aug. 15—(AP)—Forty-two planes took off from Springfield municipal airport today on the first leg of a three-day air tour which will circle the state to advertise the Illinois State fair.

Two young women were among the 37 pilot-contestants who will compete for \$2,000 in prizes during the tour, which will end Saturday with a flight over the fairgrounds on the exposition's opening day.

Delayed half an hour by last-minute plane check-ups, the first of the ships was given the take-off signal by Director of Agriculture J. H. Lloyd at 9 a. m. (CST).

Accompanying George C. Roberts, Illinois Aeronautics Commission secretary, in the official plane were Charles E. Miner, state WPA administrator, who will inspect WPA activities at airports in the state, and B. W. DeBord, assistant director of the agriculture department.

First stop on the tour was scheduled at Greenville, followed by a landing at Salem and halt for lunch at Champaign. Bloomington and Lockport were on this afternoon's schedule.

Way Around Law

Washington, Aug. 15—(AP)—R. N. Elliott, the acting comptroller general, said in a formal opinion today that while the Hatch politics act required the dismissal of federal employees for various political activities it apparently would not prohibit the reemployment of those discharged from other positions.

In an opinion asked by the WPA, Elliott said that after the act provides for dismissal it prohibits rehiring of the person dismissed in "such office."

Thus, the acting comptroller general wrote, the law "apparently would not prohibit his (a dismissed person's) employment in some other position or office."

NATIONAL GUARD UNITS ADVANCE TRAINING TODAY

Boom of Artillery and
Rattle of Machine
Guns Are Heard

Camp McCoy, Wis., Aug. 15—(AP)—The booming of artillery fire punctuated the rattle of rifles and machine guns today as National Guard units advanced their field training in preparation for the "Battle of Wisconsin," which will conclude the three-week maneuvers of the Second Army.

The 57th field artillery brigade, made up of Michigan and Wisconsin units and commanded by Col. Joseph H. Lewis, took over the ranges this morning. They fired the snappy 75s and the heavier, long distance 155 millimeter guns. There were surprise targets, moving targets to simulate enemy transport, and fixed targets.

The 57th was followed on the ranges by the 62nd field artillery brigade, commanded by Brig. Gen. William L. Marlin of Cleveland. The Ohioans engaged in a five-hour firing session.

The 123rd cavalry regiment of Kentucky and the 107th cavalry from Ohio, also were on combat ranges, practicing with their armaments.

Infantry units of all guard divisions engaged in tactical training of battalions and smaller units.

Plan New Troop

Plans for a new reconnaissance troop to further the efficiency of the army's streamlined Fifth Division were taking shape today at the maneuvers.

Brig. Gen. Lloyd R. Fredendall, commander, told more than 2,000 officers who watched the division turn back an "enemy force" yesterday that the new unit would consist of 195 enlisted men and five officers.

Equipment will include 20 scout cars armed with heavy and light machine guns and 12 motorcycles with lighter machine guns mounted on the handlebars.

Gen. Fredendall said the present armament of the division was believed adequate to meet any attack. Recent tests, he declared, have indicated the desirability of more frequent use of the 105 mm. howitzer, "but I think we will always have to have the 75mm. gun for shooting up tanks."

Combat Idea Not New

The combat team idea of the streamlined division is not new, General Fredendall declared.

"It really started in the World war where the same artillery battalions were used to support the same infantry regiment day after day. The combat team, as we use it now, is good as long as the division is dispersed over a wide area, but the minute one combat team meets opposition, we swarm like bees around that opposition in order to overcome it."

National Guard units continued their preliminary training drills.

Several Hogs Killed in Accident on Hill

One of the Hartvigsen transport trailer trucks was badly damaged early yesterday morning when it skidded on the black top paving at the top of Lord's hill and turned over. The truck, a double decker, contained 69 head of hogs which were being transported to the Chicago market at the early morning hour. About 15 of the animals were killed or so badly crippled that they had to be destroyed on the scene. The remainder of the shipment was loaded into another truck which was obtained from Dixon and proceeded to Chicago. The driver escaped without injury.

Seven more young men from Dixon and vicinity, recruited by Sgt. A. A. Piergalski, who has been in charge of the Dixon recruiting station for the past several months, are shown at the Chicago & North-Western passenger station here just before they entrained on the 7:10 Clinton passenger for Chicago.

Left to right they are: Back row—Jerry Bomborrough of Mt. Morris, Joseph Bassett of Rockford, Henry Marschang of Dixon and Robert Mosholder, also of Dixon.

Front row—Robert Dinnick of Polo, Herbert Jeanquenet of Ashton and Clyde O'Hara of Dixon.

Sisters Disguise Selves as Men in Spurious Holdup

Waynesburg, Pa., Aug. 15—(AP)—Deputy Sheriff Jack Orndoff said today two sisters admitted they had disguised themselves as men to execute a fake holdup in which Mrs. Ada Headley, 44, was shot five times last Tuesday.

Orndoff identified the sisters as Mrs. Otis Cumberledge, 36, a widow and the mother of a son, and Mrs. Elizabeth Pettit, 25.

The deputy sheriff, who brought charges of aggravated assault and battery with intent to kill against both women, charged Mrs. Pettit had done the shooting, Mrs. Headley, critical yesterday, was reported "fair" today. All five shots entered the abdomen.

She was shot as she, her husband and 12-year-old son arrived at their home at Pine Bank. Her 49-year-old husband, an oil field worker, who reported the shooting, was taken into custody for questioning last night.

Motive Unrevealed

Orndoff said additional charges would be brought but added:

"I don't care to discuss the motive back of all this now. That

Junior Legion Drum & Bugle Corps Will Be Inspected This Eve

The Junior American Legion Drum and Bugle corps will pass inspection in uniform and with equipment tonight at 6:15 at the high school athletic field. They will go through the drill that they will put on in competitive drill at Springfield Sunday, "Veterans' Day."

This corps is made up of sons and daughters of members of the American Legion, their ages ranging from 12 to 17 years. These boys and girls have spent three nights a week for the last two months getting ready for this event and the public of Dixon is eager to see them in action before they leave for Springfield.

Clare Thompson, their drill master is an old drum corps man, and was with the national champion senior corps of the years 1926 and 1927, post No. 130, Fort Dodge, Iowa. He is assisted by Edward Christman, the business manager, and J. R. Fitzsimmons, the chairman. The uniforms have been taken care of by Mrs. Addie Snyder and Mrs. Edward Christman.

JOKE ON DETECTIVE

Seattle, Aug. 15—(AP)—Detective Lieut. William D. Rehmkne, pursuing an automobile thief, parked a police car equipped with another county's license as a camouflage in a downtown alley.

When he returned the car was gone.

Police had impounded it for being parked in an alley.

JAIL FOR SALE

Mt. Vernon, Ill., Aug. 15—(AP)—Jefferson county supervisors believe their outmoded jail and its site are worth more than \$4050 even if the jail is 56 years old.

They turned down that amount for the property yesterday and now plan to place it on the auction block some time next month.

Version of Shooting

The Negroes burglarized the farm home of Arnold Keister near Shattuc yesterday afternoon, taking among other things a shotgun and a 25 calibre automatic. Keister discovered the burglary almost immediately, was told some Negroes had been seen near his home and he notified county officers at Carlyle.

Deputies Hooker and Henry Klutho drove to Shattuc and were searching along a railroad track for the Negroes, several hundred feet apart, when Hooker discovered them in the act of hopping a freight train. He covered Cousins with a riot gun and ordered him not to run but was shot down by Northcut who fired at least once after Hooker fell. Then Northcut turned his gun on Klutho who was running to aid the fallen deputy. The Negroes hopped the train but not before Klutho shot Northcut in the calf of the left leg.

They rode the train only a half

Sky-clouding waves of nazi warplanes, estimated at upward of 1,000 with a single armada flying in a 30 mile wide formation, stormed the British isles today in a maelstrom of fierce, new raids.

It was apparently the biggest mass onslaught since Hitler turned on the full violence of his aerial might a week ago today.

The British government said 55 nazi raiders were destroyed up to 5 o'clock this afternoon (10 a. m. C. S. T.) Loss of seven British fighter planes was acknowledged.

Ogle Co. Farm Hand Makes Three Long Trips on Bicycle to Join Army Here

Robert G. Dinnick, 27, a farm hand living north of Polo, was one of a group of recruits who left Dixon this morning for Chicago to enter service, he having enlisted in the 32nd infantry to be stationed at Camp Ord, Cal. Dinnick was probably the most conscientious recruit who has enlisted at the Dixon station.

Having read of a large number of enlistments being dispatched from the local station by Sergeant A. A. Piergalski, Dinnick rode his bicycle from his farm home four miles north of Polo to Dixon yesterday, where he made inquiry and decided to enlist. He then rode his bicycle home, closed up his business affairs and rode back to Dixon this morning, arriving about 5:30. He had made arrangements to have a friend take the bicycle back to Polo

later in the day, in order to be among the group of seven recruits who entrained early this morning.

The recruits who will enter various branches of the Army service today are as follows:

Clyde R. O'Hara, 19, Dixon, coast artillery in Panama canal zone.

Henry P. Marschang, 19, Dixon, 32nd infantry, Camp Ord, Cal.

Robert M. Mosholder, 26, Dixon, coast artillery, Panama canal zone.

Herbert A. Jeanguenet, 25, Ashton, 32nd infantry, Camp Ord, Cal.

Thousand Nazi Planes in Mass Attack on Foes

Germans Go 'All Out' on Rumor- ed 'Der Tag'

BULLETIN

(By The Associated Press)

Berlin, Aug. 15—German planes were reported over London tonight in a surge that carried them past the thickly netted defense of coast and vital docks, up the Thames estuary to the very citadel of Britain's power.

DNB, the official German news agency, reporting a great onslaught against all Britain's vital centers, as well as her coasts from northeast to southwest, said the German planes reached London despite intense anti-aircraft fire.

DNB said there was no word as to whether London was bombed. (But from London came word that the nazi raiders had attacked the famous airport of Croydon, only 10 miles from Piccadilly.)

By The Associated Press

Striking with unexampled fury, nazi warplanes late today bombed the great London airport at Croydon, 10 miles outside the capital, and clashed with RAF defense planes in battle over London's Tilbury docks, 15 miles from the city itself.

Other phalanxes of nazi raiders, flying in solid wedges of up to 100 planes each, lashed at the English coastal defenses from Land's End to the Thames estuary.

No accurate estimate of the number of planes involved could be made, but it was apparently the biggest mass assault of the war.

The official news agency, DNB, said nazi airmen were sweeping the lower Thames—on the path which might be used for a cross-channel troop invasion—threatening a 11 British military plants with destruction.

Greek Cruiser Is Sunk by Torpedo While in Harbor

BULLETIN

Athens, Aug. 15—(AP)—The Greek government, acting after the sinking of the 2,115 ton Greek cruiser Helle by an unidentified submarine was announced, issued an order to night forbidding all Greek ships to leave port.

The order was taken by foreign observers as an indication of the serious loss with which the government views the sinking of the light cruiser Helle by an unidentified submarine.

The Helle, a 2,115 ton American-built vessel, was torpedoed in the Aegean sea. One petty officer was lost and 29 crew members were injured.

Chiefs of the army, navy and air force were summoned after the sinking was announced for a conference with Premier General John Metaxas.

The nazi raiders struck at the great trans-atlantic shipping port of Southampton, Newcastle, Aberdeen, Scotland, the huge Vickers Armstrong armament works at Hebburn, the Hawkinge airport 10 miles west of Dover and other vital military centers.

The use of the huge Dornier bombers indicated that the Germans were now either going "all out" to make good their threat of blasting England to ruins, or that they were forced to draw on their reserves as a result of RAF raids last night on nazi bases along the channel.

Berlin dispatches said the droves of swastika-marked raiders smashed through "curtains of steel" thrown up by British anti-aircraft guns at Dover—the channel "gateway" for a possible invasion attempt—and sped on inland to bomb other objectives.

Reserved Report

The British air ministry, drawing a reserve picture of the foray, admitted there was "some casualties," but insisted that the wave-on-wave assaults were "unsuccessful" in attacks on RAF airbases.

Said the British Press Association:

"Aug. 15, the date on which Hitler was to make his triumphal march into London, is here.

"In a few hours it will be gone, with Britain still mistress of her own fate, of the seas and of the air around her coast."

Prime Minister Winston Churchill told the House of Commons:

"Although we are very much stronger than we were in May, the danger of invasion has by no means passed away."

Wendell Willkie's Town of Elwood, Indiana, Becomes Center of Spotlight

Elwood, Ind.—This used to be the place where the Pennsylvania crossed the Nickel Plate.

The two railroads still cross here, but now, even the big expresses from the East thunder to a stop.

Motorists used to scowl at the town as just another mark on the map to slow down their speed. Nowadays, they draw up to the curb, down around Main and Anderson streets and start a chat about a native son—Wendell Willkie.

It will be here on this Saturday, August 17 that Wendell Willkie will accept the responsibilities of running as the Republican candidate for the presidency of the United States.

This little town of 10,000 persons, with its freshly painted houses and newly cleaned streets is happily proud that it is going to be host to thousands of people from all parts of the country who will come to cheer the man who they expect to enter the White House next January. They are a little puzzled, too, for their political enthusiasm is overshadowed by their civic pride.

They will take you down and point to the red brick high school where Wendell Willkie graduated in 1910. Over its door is the motto placed there in 1898: "The Hope of Our Country". That means something, they will tell you.

The thing that puzzles Elwood's citizens is just how many guests they are going to have to play host to. The candidate at first had planned a simple ceremony of accepting the nomination from a stand in front of the school. Like Topsy, however, it "grew and grew", so that the main event will take place in spacious Callaway park, which was virgin woodland when Wendell Willkie drove cows through it as a boy.

At the school, there will be only a simple greeting by Mr. and Mrs. Willkie of old friends and a brief speech of "thanks" for the welcome of his fellow townsperson.

Out at the park, however, when Willkie speaks in reply to Representative Joseph W. Martin, Jr., chairman of the Republican National Committee, who will notify him of his nomination, thousands will await his words.

Workers already are laying a new large watermain to provide the water which will be consumed at the park; shrubbery which might be damaged is being removed and stored for re-planting; tents and temporary structures are going up to house hundreds of food and soft drink stands at the park and in town. Carpenters

are constructing a series of four bridges at the park over duck creek, where Mr. Willkie swam as a boy.

Back among the trees, hammers twang against nails in the building of the stand to seat 1,000 distinguished guests and from which the speech of acceptance will be made. The park itself has been expanded to take in a total of 60 acres. Additional adjacent farm lands totalling 750 acres are being staked off to accommodate as many as 30,000 automobiles. Many more in an emergency can be accommodated in another adjoining field of 200 acres.

Everyone has been promised plenty of parking space, plenty of food stands available and a hearty welcome.

Spearhead in all this is a group of some 100 workers who are carrying on in full office fashion in a modest house in what was once a quiet residential section, now headquarters of the Willkie Notification Committee.

Decorated with flags, bunting and a large picture of the candidate it has become the mecca for thousands of visitors, not only from within the town and surrounding countryside, but from the four corners of the country.

They come trooping in at the rate of 700 to 1,000 a day, "just to look." They tread the hallways and peer into busy offices, they ask questions—mostly about the Willkies. Although the place is as uninteresting to look at as a revolving door, there seems to be a compelling force about visiting it, or so those in Elwood will tell you.

Then almost around the corner is the reconstructed birthplace of Mr. Willkie, marked by a sign, as was his former home down the street. Automobiles pause before them for a stop to look around.

Yes, Elwood surely has changed. As one housewife breathlessly said, "Whoever would have thought Elwood would ever be like this."

State Repaired Over 50 Pavement Blowups During Torrid July

Springfield, Ill., Aug. 15.—(AP)—The state highway division reported today that its maintenance crews repaired more than 50 pavement "blowups" during July.

Such damage, engineers explained, usually resulted from light showers striking hot pavement. Quick contraction of pavement sections resulted in cracking and displacement of the slabs.

France Moves to Regulate Hours of All Laborers

Vichy, France, Aug. 15.—(AP)—The French government stepped in to regulate working hours in private industry today as one of the major problems affecting rapid readjustment of France's social and economic life.

Departmental prefects were given authority to fix maximum working hours for each industry and profession in their territory in accordance with conditions in that particular region.

While a national wartime tax of 40 per cent of workers' overtime pay was removed, all overtime, which is not permitted to exceed 75 hours yearly, now will be paid at the same rate as ordinary hours. Employees will be required to contribute an amount equal to 20 per cent of overtime pay to a workers' benefit fund.

A national maximum of 48 ordinary work hours a week, or nine a day, was fixed by a decree published in the official journal.

At the same time the government announced it would go ahead at once with a nationwide program of electrifying the railways and repairing war damages, thus giving jobs to many thousands of unemployed. The government also will make loans to private industry to get it back on its feet.

It was announced German authorities are studying a proposal for the release of war prisoners urgently needed in Nazi-occupied France for industrial and public service jobs.

Operation to Save Baby's Life in Vain

Chicago, Aug. 15.—(AP)—Baby Helaine Colan, for whom a "jury" of physicians and clergymen decreed an operation at the risk of total blindness rather than a "mercy death," died yesterday.

The child, two years and four months old, succumbed to glioma, a cancerous growth that brought complete blindness recently.

When the baby was two months old the disease had blinded her left eye and impaired the vision of the other. Physicians said an operation might save her life but that she probably would be blind.

Her parents, Herman and Estelle Colan, were unable to decide between an operation and a "mercy death." Advice came from all parts of the nation. On the recommendation of the jury, physicians removed the left eye and part of the optic nerve in a vain effort to check spread of the malady.

FILM-LAND WEDDING

Las Vegas, Nev., Aug. 15.—(AP)—Screen Director Wesley Ruggles, 51, and Marcella Rugez, 29, were married last night by Justice George E. Marshall.

Miss Rugez is a French stage and film actress. Ruggles, divorced husband of Arline Judge, met his bride in Paris a year ago.

Only 12 percent of WPA workers are under 25 years old, and 2 percent are more than 65. About 51 percent are in the age group of 25 to 44 years old.

Cudahy to Escape Reprimand for His Recent Interview

Washington, Aug. 15.—(AP)—John Cudahy, ambassador to Belgium, has been told by President Roosevelt that there was no intention to reprimand him for his recent statements in London on conditions in German-occupied Belgium.

After a talk with the president yesterday, Cudahy said he had been authorized to say that he received "no rebuke and none was intended."

He added that there was "no question of my resigning" from the diplomatic service.

Sumner Welles, acting secretary of state, who said last week that Cudahy had violated "standing instructions" of the state department in permitting the London interview, announced, after the ambassador had reported to him, that the incident was closed and that no rebuke had been administered.

Welles said Cudahy told him that some press accounts of his London interview had misquoted him in many important particulars.

In the Associated Press report of his interview in London, which Cudahy described as a "fair statement," he was quoted as saying Belgium faced a condition "close to famine" by mid-September unless food supplies reached there from the United States.

Two Army Fliers in Fatal Crash in East

Rye, N. Y., Aug. 15.—(AP)—Lieut. Henry Clayton Thompson, 25, of Muskegon Heights, Mich., and Private E. E. Spencer were killed today as their U. S. Army training plane crashed in Disbrow Park and burst into flames.

The plane, piloted by Thompson, was a BT-14 training plane from Mitchell Field, N. Y. Private Spencer was attached to the field.

Mitchell Field notified Thompson's mother, Mrs. F. M. Thompson, of Muskegon Heights.

Consumer Demand for Pork Boosts Prices in Month

Chicago, Aug. 15.—(AP)—Although federally inspected slaughter of hogs and receipts at principal markets were well in excess of a year ago, consumer demand has increased enough during July and August to date to move hog and pork prices near last year's levels and in some cases above them.

With the exception of the two top periods near the end of July, top hogs have hovered around the \$7 per hundredweight mark, or slightly under top prices of a year ago. Drove cost has run slightly under or over the \$6 mark, but week for week has been higher than a year ago and now is more than a dollar higher.

Top price yesterday was \$6.85 as compared with \$6.55 a year ago, and drove cost Tuesday was \$6.15 compared with \$4.95 a year ago. In contrast to these levels, the top sank to a low of \$5.20 on June 20 when average cost was well below the \$5 mark.

Although higher wholesale pork loin prices are seasonal at this time, best loins are now quoted at 21 cents a pound, or 3 cents below last year's levels and the best level of this year. Market analysts do not look for any repetition of the sensational price rise in pork as witnessed at the end of August and the beginning of September when they rose to 30 cents a pound, even though some packers look to heavier pork orders from army sources as a result of the training program.

Market analysts said the heavier consumer demand is a direct result of higher income, which is increasing at a greater rate than

pork production, although the latter is still higher than consumption.

Although stocks of pork on Aug. 1, totaling 548,771,000 pounds, were the heaviest for that date since 1934, they were not heavy enough to counteract the greater consumer demand and effective lower prices, market analysts said.

Lard prices recently have been at the lowest levels since 1933, being quoted at less than 5 cents a pound compared with a peak of 84 cents last year and more than 17 cents in 1935. In 1933 lard sold below 4 cents a pound.

The United States at the start of 1940 had 2,451 airports, landing fields and seaplane bases, representing an increase of 77 during the calendar year 1939.

More than 125 varieties of fish have been caught in waters of the Arctic region.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out all poisonous waste from your blood. Get Doan's Pills.

ENJOYED BY MILLIONS

Enjoyment is not all people get from beer. Since April 7, 1933 beer has contributed 2 billion dollars in taxes. All or part has been allocated for maintaining state institutions, caring for dependent children, paying old age pensions, etc. The 2 billion dollars already collected is more than the combined capital of all our national banks. It would have operated the United States government for three years before the World War.

Today beer taxes are pouring in at the rate of more than a million dollars a day. And today, millions of beer lovers everywhere are saying, "Once a Rheingold Beer Drinker—Always a Rheingold Beer Drinker."

You only need to try GOOD OLD RHEINGOLD BEER but once to know that it is good beer. It costs no more than ordinary beer so try it today. You'll enjoy its ALWAYS UNIFORM flavor and quality.

Linkswomen Play at Prairie View

Dixon and Morrison linkswomen were guests of women golfers of the Prairie View Country club at Sterling on Wednesday. The links events was a handicap tournament.

Low net score for the entire field was carded by Vera Castle of the hostess club, Mary Lewis of Prairie View had low gross, and Ann Loos, also of Sterling, made low putts. Each used only three clubs.

Mrs. Floyd Chapman turned in low gross for Dixon, and Mrs. Robert Brewster had low putts. Other players receiving prizes were: Morrison—Hazel Bent, low gross; Helen Austin, low putts, Prairie View—Alda Wheelock, low gross; Laura Pippert, low putts.

Birdies were made by Hazel Bent and Helen Austin, both of Morrison.

Players from Dixon, Oregon and Prairie View went to Polo for an inter-club match today.

DOROTHY RYAN BECOMES BRIDE OF E. H. UNGER

Miss Dorothy D. Ryan of Polo and Everett H. Unger of Knoxville were married Wednesday afternoon at the parsonage of the Methodist church. Dr. F. L. Blewfield heard the vows at 3 o'clock. Mr. and Mrs. W. J. Ryan of Polo attended the couple, who will reside in Polo.

SUPPER HOSTESS

Miss Maxine Cohen of New York City and Mrs. Carl Gustavson of Philadelphia were out of town guests when Mrs. R. L. Baird entertained at supper on Tuesday evening. Contract hands were dealt at three tables, following the supper.

Missouri to the Movies

Jane Wyman—Who is Mrs. Ronald Reagan in private life—hails from St. Joseph, Missouri . . . and she found her way into pictures by following a hunch, seeing an agent, and winning a contract. She'll be seen next in "My Love Came Back" with Olivia de Havilland and Jeffrey Lynn.

IS LEAVING FOR NEBRASKA BRIDAL

Miss Doris Blewfield will leave this evening for Wayne, Nebr., where she is to be maid of honor at the wedding of her former college roommate, Miss Marian Seymour, and Carroll Peterson. The ceremony will be solemnized Saturday evening at the Seymour home in Wayne.

En route home, Miss Blewfield expects to visit in West Point and Lincoln, Nebr.

Eakle Family Holds Reunion

The third annual Eakle reunion was held Sunday at the farm home of Mrs. Ethel Bursing near Byron, with 26 relatives attending from Dixon, DeKalb, Leaf River, Oregon and Byron. Officers elected during the business meeting were:

President, Mrs. Ethel Bursing, Byron; vice president, Vernice Eakle, Oregon; secretary-treasurer, Frank Bursing, Byron. Committees appointed by the new president include:

Refreshments—Mrs. John Schaffer, chairman, Mrs. Martin Eakle, Harry Fischer, and Mrs. Roy Grobe; entertainment—Martin Eakle, chairman, Mrs. Frank Bursing, Miss Gladys Hardesty, and Mrs. Arvilla Kuntzleman.

The Eakles expect to meet at the Community park at Rochelle for their 1941 gathering, which is scheduled for the third Sunday in August.

PATRICIA WEISS VISITS HERE

A young visitor from out of town about whom much entertaining has been centering is Patricia Weiss of Champaign, daughter of Mr. and Mrs. John N. Weiss, who formerly resided here. Patricia, who returned to her home today, has been the guest of Jane Ann Sharpe and Marie Haefliger since Sunday evening.

Jane was hostessing at luncheon for Patricia yesterday, and on Monday evening, Marie invited eight guests for dinner in compliment to the visitor. On Tuesday evening, Patricia was a dinner guest at the F. A. Longman home on Artesian Place.

Now that cooler days are in sight, lightweight wool is a good choice for traveling or spectator sports. At the Hollywood Ball Park recently, screen actress Irene Dunne wore a tailored suit of bright crimson wool with a box-pleated skirt and long double-breasted jacket. Her simple blouse and turban were of white jersey; her bag, gloves and shoes of white dreskin. The flower lapel ornament on her jacket was of platinum and diamonds.

Texas is six times larger in area than the state of New York, but it contains a total population only about equal to that of New York City.

Mendota Couple Exchanges Vows This Morning

Miss R. Catherine Schwarz of Mendota and Willard Irvin Johnson formerly of Malta, exchanged marriage vows at 11 a. m. Thursday at the rectory of Holy Cross church in Mendota. The Rev. Leo J. Wissing read the service in the presence of the immediate families of the bridal couple.

Miss Lucille M. Daub of Columbus, Ohio, former college classmate of the bride, and Gerald Johnson of Malta, the bridegroom's brother, attended the couple.

The bride was wearing a floor-length gown of white eyelet-embroidered organdie, with a heart-shaped halo hat of white hair-braid. At her waistline was a corsage of yellow roses, and her "something old" was a family heirloom, a gold locket and chain.

Miss Daub chose dusty pink marquisette, fashioned with a shirred bodice, and a heart-shaped hat to match her dress. Her corsage contained red roses, and her rhinestone bracelet was a gift from the bride.

A wedding dinner was served in the Gold room of the Hotel Faber, with the bride's parents, Mr. and Mrs. Frank J. Schwarz, as hosts. This afternoon, the bridal party was honored at a reception at the Schwarz home.

Mr. and Mrs. Johnson will motor through Wisconsin on their wedding trip. After their return, they will be at home at 1101 Sixth street.

Out of town guests included Mr. and Mrs. Milo Jorda and Mr. and Mrs. Lyle Johnson of Steward, and relatives and friends from Malta, Creston, Lee, DeKalb, Spring Valley, Freeport, Peru, and Columbus, Ohio.

Mrs. Johnson attended high school in Mendota and the College of St. Francis at Joliet. The bridegroom studied at DeKalb high school, Northern Illinois State Teachers college in DeKalb, and the Metropolitan Business college, and is a graduate of the Worham School of Embalming in Chicago.

For several months, he has been associated with the Schwarz Funeral Service in Mendota.

HOLD SAUER-SWARTZ REUNION

Forty-three relatives and six visitors assembled at Deer Park near LaSalle on Sunday for the sixteenth annual reunion of the Sauer-Swartz families. A scramble dinner was followed by visiting and sightseeing.

Greetings were read from the Misses Dorothea and Flora Sauer of Salt Lake City, Utah. Relatives were present from Dixon, Sterling and Harmon.

FROM WOODS HOLE
Dixon friends have received word that Miss Lucy Badger of Brookline, Mass., and her sister, Mrs. Frances Lyman of Wellesley, who have been spending the summer at Woods Hole, Mass., are en route to Morrison by motor for a visit with their brother, Arthur Badger. They will also visit Dixon friends before returning east.

DINNER COURTESIES
Mrs. Frank Rosbrook was hostessing at dinner Tuesday evening in compliment to her sister, Mrs. Curtis Clark of Pittsburgh, Pa. Dr. and Mrs. Z. W. Moss will be entertaining in Mrs. Clark's honor on Friday evening.

Double Cross

Neatest trick of the season is the "double cross" sweater, worn by Hollywood's Wanda McKay. Actually, it's two separate sleeves, whose long bands fasten in the back. This one is green and yellow, in thin wool. The twin sleeves are white and pale blue, making various color combinations possible. The shorts are of black wool gabardine.

POLO GIRL TO BECOME BRIDE

Mr. and Mrs. Fred C. Graehling were making known the engagement of their daughter, June, to Donald Mades, when they entertained 12 guests Tuesday evening at their home two miles west of Polo. The date for the wedding has not been set.

BRIDGE FOURSOME
Mrs. Lyle Prescott was hostess to her bridge foursome on Tuesday.

ALICE CORDS IS PLANNING FALL WEDDING

Mrs. C. W. Crickman of Westmoreland Hills, Md. is announcing the engagement of her sister, Miss Alice Cordes, daughter of the late Mr. and Mrs. Cornelius Cordes, to Henry C. Curtis, son of Mrs. Carl S. Ward of Swansboro, N. C. The bride-to-be, who has chosen Sept. 1 for her wedding date, formerly resided in Oregon.

Miss Cordes has resided with her sister's family for several years. Her fiancé is associated with the Atlantic Coast Line railway with headquarters at Wilmington, N. C., where they will reside.

WALKER—BRANDT

With the couple's return to Amboy to reside, announcement has been made of the marriage of Miss Leola Brandt of Tyler, Minn. and Arthur Walker of Amboy, June 14, at the Baptist parsonage in Davenport, Iowa.

Mrs. Walker was formerly a student nurse at Fairview hospital in St. Paul, Minn. The bridegroom is a son of the Harold Walkers, and was graduated from Amboy Township high school.

Trappunto quilting is one of those professional looking touches that even the beginner can accomplish on her own sewing machine quite easily. Decorators like it on draperies, cushions, bedspreads, dressing table skirts, even slipcovers. It makes the plainest negligee luxurious, gives distinction to summer evening wraps and add personality to fabric handbags.

Chicago Seeking New U. S. Aircraft Engine Research Laboratory

Chicago, Aug. 15.—(AP)—Chicago aviation interests opened six prospective sites to federal inspectors today in hopes of obtaining the new federal aircraft engine-research laboratory which congress authorized to be constructed late this year.

The inspecting group, due here by plane shortly after noon, consisted of John F. Victory, secretary of the National Advisory Committee for Aeronautics and chairman of the special NACA committee on sites; Russell G. Robinson, a NACA member; Captain Donald J. Keim, United States Army, and Lieutenant Commander J. K. Rutherford, United States Navy.

Leverett S. Lyon, chief executive officer of the Chicago Association of Commerce, which has been leading the campaign to bring the project here, said the experts would inspect the Curtiss-Reynolds airfield in Glenview, now used for naval flying training; the Chicago Municipal airport, and the municipally-owned fields in Aurora, Lockport, Joliet and St. Charles.

The party also plans to visit Rockford, Ill. and South Bend, Ind. Lyon said. Members are due to complete their tour by next Wednesday.

NO PARACHUTISTS LANDED?

Berlin, Aug. 15.—(AP)—Authorized German sources today vigorously denied reports abroad that German parachutists had landed in England.

"There is absolutely nothing to these reports," they said. "They are pure phantasy. Parachutists haven't landed anywhere in England."

Grayson's Scoreboard

By HARRY GRAYSON
NEA Sports EditorBy HARRY GRAYSON
NEA Service Sports Editor

It could happen only in Cleveland, the Indians of which city are the only outfit in professional baseball with two parks to be used to the best advantage.

After playing all its big and Sunday and holiday games in the \$2,500,000 Lakeland Municipal Stadium with a capacity of more than 70,000, the Cleveland management took the two-game series with Detroit, the hottest of the year, to old League Park, where no more than 20,000 can be accommodated.

Cyril C. Slapnicka's plan was, of course, to give the Tribe a bulge in the direction of a 290-foot right field fence, while handicapping the Tigers, whose power is preponderantly right-handed.

The scheme worked all right, as far as the result of the first game was concerned. Hal Trosky, Beau Bell and Roy Weatherly were credited with home runs over their favorite target on balls which would have been caught easily in the symmetrical stadium.

But the switch was unnecessary with the fabulous Bob Feller and Mel Harder pitching, and Detroit's Big Three caught out of turn. Slapnicka only outsmarted the club put of some 10,000 paid admissions.

He also succeeded in getting thousands more mad at him, which comes close to making it unanimous.

Slapnicka, who has a faculty for doing the wrong thing at the right time, was the only person associated with or interested in the American League who underestimated the drawing power of the series.

Here were the Indians returning from a road trip and battling the Tigers, with whom they were tied for the league lead.

Feller, the greatest individual attraction in the business, was to pitch.

So Slapnicka moved the show from a modern stadium, which the city practically gives the club and where there would be room for all, to a dilapidated orchard, where thousands were turned away, but who stayed to mutter and wonder why the games couldn't be played downtown in comfort.

It was bad enough the first day, but even with this warning, Slapnicka brought 'em back the following afternoon to do the whole silly act over again.

As one Detroit official, badly shortchanged, remarked, some blokes never learn.

But, it seems, Cyril C. Slapnicka simply has to mastermind. Perhaps he was saving wear and tear on the stadium, figuring that Cleveland will have a good team again next year and will need it.

Detroit Manager Still Expects to Capture Bunting

Detroit, Aug. 15—(AP)—The Detroit Tigers, almost in the grey-beard class as ball players' ages go, are looking to the future—but no farther than to late September and then perhaps the World Series.

Club sentiments are for letting 1941 and '42 take care of themselves.

Business Manager Jack Zeller, the bald, affable Texan who shouldered considerable criticism in the famous "Detroit decision" by Baseball Commissioner Kenehan M. Landis, disclosed today that the Tigers were "built for 1949".

Admitting that the Detroit roster is loaded down with men past 30 whose playing days are numbered, Zeller said he didn't care as long as they kept on delivering. "I guess tomorrow will have to take care of itself," he said.

From Owner Walter O. Briggs down to the hot dog vendor in the bleachers, the whole Tiger family wants the pennant this season and to a man they expect to get it.

"We are so excited that we are scarcely thinking about the future," Zeller said. "Mr. Briggs told me he wanted a winner this year and our every effort has been made to achieve this ambition."

What did Zeller think of Detroit's pennant chances?

"We'll win," he answered positively. "We've got hustle, determination and courage. They said Detroit would fold if any of its infield regulars were hurt. Well, all of them except Rudy York have been out of the game at some time this season and the Tigers are still up there fighting."

Clinton, Cedar Rapids Pick Up on Brownies

Rain last night prevented Cedar Rapids and Clinton from opening their important second place series, but even in idleness each picked up a half game on pace setting Springfield.

The first place Brownies ran into two-hit pitching at the hands of two Moline hurlers Ray and Barkie, and lost 5 to 1. Defeat left Springfield one game ahead of Cedar Rapids and three ahead of Clinton.

In last night's only other game, Madison scored six times in the ninth to trounce Waterloo, 12 to 5. Rain washed out the Evansville-Decatur engagement.

Helen Jacobs is Beaten in Upset at Essex Club

Manchester, Mass., Aug. 15—(AP)—With Helen Jacobs, the four-times national champion, on the sidelines as the result of a stunning upset at the hands of unseeded Pauline Betz of Los Angeles, officials of the Essex County Club's annual tourney hoped today to complete the quarter final round in order to play the final by Saturday.

Alice Marble, the national champion, who is seeking her fourth title here, was scheduled to face Dorothy Bundy of Santa Monica, Calif. in one match, while Sarah Palfrey of Reno, Nev., tackled Valeria Scott of England, runner-up last year, in the other.

AL SMITH HOLDS CHICAGO'S SOX TO SINGLE HIT

Old Guys With Funny Deliveries Star on Mound Wednesday

By BILL WHITE
Associated Press Sports Writer

The old guys with the funny deliveries did all right.

In yesterday's two best-pitched games, King Carl Hubbell of the Giants and Al Smith of the Cleveland Indians, the foremost exponents of the screwball, recalled the old days when they used to win regularly what they win only occasionally now.

Smith, of the two, turned in the better job. Working under the lights, he limited the Chicago White Sox to one hit—Jimmy Webb's single in the third—to enable the Indians to hold their two game league lead by virtue of a 4-0 victory. The game was played before 59,068, largest night crowd of the season.

It was the eighth victory in 10 games for the Indians and Roy Weatherly was as much a hero with his bat as Smith was with his screwball.

The Hubbell victory in the first of a twin bill was a mellerdrammer of the dime novel variety. While Old Carl was elbowing his way to a five hit, twelve inning 1-0 victory over the Bees, old Mel Ott, who had been benched for failure to hit recently, stole some of the show. Acting as a pinch hitter in the 12th, he singled, was sacrificed and scored on Frank Demaree's single to give the team's veterans all the laurel wreaths.

Giant Castoff Wins

In the second game Manuel Salvo, a Giant castoff, blanked his former mates with eight hits to win 6-0, and make Bill Terry acutely conscious that the trade he made for Tony Cuccinello, using Manny as bait, was not the best he ever made.

Meanwhile, the Brooklyn Dodgers had a chance to close the gap between themselves and the idle Cincinnati Reds, but they flubbed it. After winning the first game 6-5 as Freddie Fitzsimmons got credit for his 12th of the year, they lost the second 9-6 as Johnny Rizzo and Bob Bragan hit in timely fashion and the Brooks' pitching folded completely.

The New York Yankees crept back into the first division by lambasting the Boston Red Sox for the third straight time, 8-3, as Red Ruffing held the opposition to six hits, three of them homers by Lou Finney, Jimmy Foss and Ted Williams. The Bombers hit no homers in winning their sixth straight, but they bunched 11 blows of Earl Johnson and Denny Galehouse.

Tigers Hop on Browns

The Detroit Tigers finally came out of their slump, after four losses, to hop on the St. Louis Browns 13-7 in a loosely played game that cost the Browns the services of Johnny Whitehead, who suffered a spiked ankle in a collision at first base.

Buddy Lewis' triple in the ninth with two out and two on gave the Senators a 5-3 victory over the Athletics. Ken Chase limited the A's to seven hits while the Nats were punching Nelson Potter's deliveries for 11.

Pepper Martin, last of a long line of substitutes, worked Mace Brown for a walk in the eleventh inning with the bases loaded, to force in the run that gave the Cards 7-6 night game victory over the Pittsburgh Pirates.

Clyde Shoun, last of four card pitchers, got credit for the victory in the game that saw 32 hits rattle the walls of Sportsman's Park. The losers got 17 of the blows. Brown was charged with the loss, the Pirates' second in a row.

Batting Averages of Shabbona Team Announced Today

BY BERT CUMMINGS

Shabbona, one of the new members of the Illinois State League this year, which has made a great showing and has been up and around the top of the league and at one time tied with the Dixon Knacks has sent in the batting averages for the year and as these players are not as well known to local fans as some of the other players we print them for you to look over and think about while you are picking out your all star team. The two Challand boys, Reed and Webb, are leading their club in hitting. Webb plays in the outfield and is a real ball player, and Reed plays first base for his team. Reed at one time had a try-out with the Chicago White Sox as an outfielder.

L. Houghtby is another boy who runs the outfield for the Shabbona team and he is hitting the apple at a .318 clip. Gibby George, the little pitcher, has been around this league a number of years and he has always pitched fine base ball. He is a young player and saw service with Paw Paw in 1938, Compton in 1939 and this year with Shabbona. So by the looks of these averages Shabbona has some boys worthy of being on an all star team.

32 Teams Entered in National Semi-Pro Wichita Meet

Wichita, Kas., Aug. 15—(AP)—Semi-pro baseball's big show—the national semipro tournament—opens its sixth stand in Wichita tomorrow night with 32 teams from over the nation fighting it out for the title, \$5,000 first prize and a junket to Puerto Rico.

The 32 entries, survivors of tournament play in 45 states, will battle more than two weeks in a carnival-like atmosphere before spectators who like their baseball in generous doses.

The tournament is a double elimination—you've got to lose twice before you are out.

Thanks to Raymond Harry Dumont, semipro president, the fans will see, in addition to baseball, these added attractions: umpires in checkered coats, an automatic plate duster, and a disappearing microphone. The "mike" is buried behind home plate and will pop up to relay to the most distant bleacherite just what an angry player says to an umpire.

The Duncan, Okla., Cementers are defending champions. They won in 1936, too, and are rated serious contenders for the 1940 honors. Two other former champions—Enid, Okla., in 1937, and Buford, Ga., in 1938, also are in the field.

The winner here will sail early in September from New York for San Juan and the second semipro world series, won last year by the Puerto Ricans, four games to two.

The entries include: Chicago Palmer House, Racine (Wis.) Elks; and winner Indiana state tournament at Muncie.

SCARBORO

Scarboro—Mr. and Mrs. Bert Huntland family of Champaign were visitors at the George Noe home over the week end.

Mr. and Mrs. E. E. Rees and daughter Shirley and Mr. and Mrs. S. E. Rees were in Earlville Sunday.

E. H. Ellsworth, a life long and respected resident of this vicinity quietly passed away Saturday morning.

Miss Anita Smith entertained her high school classmates at her home here Friday evening.

Mr. and Mrs. Chandler White visited the latter's sister at Earlville Sunday.

E. E. Rees attended a meeting of oil company representatives at Rockford Tuesday.

Mr. and Mrs. William Grove have returned from their honeymoon trip.

Mrs. J. B. Cave and brother, Victor Haines have gone to Virginia to visit a brother who is seriously ill.

The members of Fred Mehlhausen's threshing ring enjoyed their annual threshers' picnic on Tuesday at Memorial park in Rochelle.

Prediction Made Last Year Comes True at Goshen

Goshen, N. Y., Aug. 15—(AP)—A prediction made a year ago by a former Des Moines bell hop came true yesterday.

As Peter Astra won the 1939 Hambletonian, Fred Egan, now nearing the 60-year mark, stood at the head of the stretch and told all that cared to listen that he would be out there next year receiving honors for winning the world's premier trotting classic.

Little consideration was given his remarks even though the Lexington, Ky., veteran long had ranked as one of the smartest drivers and trainers in the sport. He was known as the hard luck guy of the Hambletonian, having finished in the money in 10 of the 12 in which he had a horse and barely missing out when Brown Berry stumbled while leading in the deciding heat in 1933.

Then, too, the horse with which he expected to win, Spencer Scott, had shown nothing up to that time, but yesterday Egan proved his statement when he drove Spencer to straight heat victory for C. W. Phellis of Greenwich, Conn. before some 30,000 fans at Good Time park.

Spencer Scott was the people's choice and he justified that honor by stepping the first mile in 2:02, only a half-second off Shirley Hanover's Hambletonian record, and the second in 2:03 to win the purse of \$33,077. Remus, owned by Paul Bower of Boston, Bill Dickerson of Goshen, N. Y., and trainer-driver Harry Short of Columbus, O., and Dunbar Bostwick's Kuno of Westbury, L. I., finished second and third, respectively, in both dashes.

"I had all the luck in the world," said Egan who had driven such famous horses as Van Sandt, 2:00 1/2, and Braden Direct, 2:01, the quiet Kentuckian's first great horse.

TOMATO NOVELTIES

Tomato Dumplings
Two cups flour, three teaspoons baking powder, one teaspoon salt, three-fourths to one cup tomato juice or more.

Sift flour, baking powder and salt together. Add tomato juice to make a stiff drop batter and combine well. Drop from a spoon on top of veal stew. Cover tightly and steam 12 to 15 minutes. (Also flavory with beef stew.)

Tomato Sherbet

Stir together: Two cups tomato juice, two tablespoons sugar, one-half teaspoon salt, one tablespoon lemon juice, one cup crushed pineapple.

Freeze in tray of automatic refrigerator about four hours, stirring twice. Serve with meat course, or with crackers and cheese for dessert.

Tomato Butter

Ten pounds tomatoes, three pounds tart apples, four pounds sugar, one quart mild vinegar, one-fourth ounce each mace and cloves, (spice bag of) one-half ounce each cinnamon and ginger.

Peel tomatoes, combine ingredients, and cook slowly until thick. Stir occasionally to prevent scorching. Pour into sterilized jars and seal.

Flavor Tip: Add a slice of onion to the tomato juice while it is chilling, and remove before serving.

FOR THE PICNIC Russian Sandwiches

One small cream cheese (one-third cup), one-fourth teaspoon salt, one-half cup mayonnaise, 24 stuffed olives, one loaf white bread, one-fourth pound butter, dash paprika.

Cream the cheese and season with salt and paprika. Chop the olives very fine and mix with the mayonnaise. Slice bread very thin and remove crusts if desired. Spread with softened butter. Spread one slice of bread with the cheese and the other with the mayonnaise mixture. Put slices together, cut in half and wrap each sandwich in wax paper.

Picnic Turnovers

This baked treat, good hot or cold, may be prepared in advance for the outing or for buffet service.

One and one-half cups cooked ham, ground; one-fourth cup mayonnaise, one teaspoon dry mustard, one-half teaspoon onion juice, two tablespoons dill pickle, chopped; one recipe baking powder biscuits, five thin slices cheese. (Ten servings).

Prepare baking powder biscuit dough: (Two cups sifted flour, three teaspoons baking powder, one-half teaspoon salt, five tablespoons shortening, about two-thirds cup milk.) Roll dough about one-fourth inch thick and cut into 4-inch squares. Brush squares with melted butter. Combine ham, mayonnaise, mustard, onion juice and pickle, and mix well. Place a triangle of cheese on half of dough square, put one tablespoon ham mixture on cheese, and fold over other half of dough to form a triangle. Press edges together. Bake in hot oven 425 degrees 2 to 25 minutes.

HOT WEATHER TREATS

Raspberry Ice Cream
One pint red raspberries (one and one-fourth cups puree), one-half cup powdered sugar, one-eighth teaspoonful salt, one teaspoon gelatin, two tablespoons cold water, one teaspoon lemon juice, one cup whipping cream.

Wash and drain berries thoroughly. Press through a sieve to remove seeds. Add sugar and salt, stirring until quite well dissolved. Soak gelatin in cold water five minutes. Heat over boiling water until dissolved. Add with the lemon juice to the berry mixture. Chill to same temperature as cream. Add gradually to whipped cream. Pour into tray of automatic refrigerator and freeze four hours.

Variation: A three-fourths inch layer of raspberry ice-cream may be frozen and placed between two similar layers of chocolate ice cream. The brick should be re-

turned to refrigerator for one hour to become firm again.

Sponge Drops

These easy-to-make cookies just do the right thing by that summer dessert of fruit or home-made ice-cream.

Two eggs, one-third cup sugar, pinch salt, one-third cup flour, one-half teaspoon lemon or vanilla extract. Beat egg whites until stiff with a pinch of salt. Gradually beat in sugar. Add the egg yolks, beaten until thick and light-colored and the flouring. Fold in flour, which has been sifted several times. Drop batter by teaspoonfuls on buttered baking sheet. Bake in a moderate oven 325 degrees until delicately browned.

FOOD TIPS

"Why does milk curdle in scalloped potatoes?" That familiar Cooking School question requires a series of suggestions. Too hot an oven, or an over-long baking period often are responsible for curdling. Use a medium to slow oven, and sprinkle a thickener between the layers of sliced raw potatoes. The thickener may be bread crumbs, or flour, or a thin cream sauce may be used, in which the milk and flour are blended before pouring over the potatoes.

The curdling nuisance also crops up when raw potatoes and sliced ham are baked together in milk. Use a medium oven also for this dish and add a pinch of baking soda to the milk before pouring it over the ham slice.

Cut melons will not keep more than one or two days, even when refrigerated. Make sure they are sweet when they are used, for slightly spoiled melon may cause as serious an upset as the green fruit.

Watercress should be deep green and crisp all the way through the bunch. To keep it at top quality until used, wash the watercress immediately in icy-cold water, and store in the refrigerator in several thicknesses of cheesecloth, wrung out of cold water. The secret is to hide the greens from light and air.

For a salad surprise, combine flaked canned salmon with leftover vegetables, dice celery and hard-cooked eggs.

Before placing bottled milk in the refrigerator, run water thoroughly over the container, washing the top well. This is particularly important in caring for milk that is to be given babies. Dairies are under constant inspection, and the milk is clean when it leaves the plant, but the containers may have been subjected to street dirt or dust before they reach the consumer's door.

When the source of drinking water is uncertain, take a filled thermos jug on a picnic trip. Boiling usually is considered a safe precaution, but authorities maintain that water that is not fresh enough to drink is not fresh enough to make good coffee.

There are new "heat-resisting" varieties of spinach, as well as in fabrics, so that this vegetable may be grown with marked success even in mid-summer, providing the soil is moist and rich. Since spinach is reputed to have the properties that make the dinner feel like singing, a new spinach recipe book bears the appropriate title, "Sing with Spinach."

Summer squash is an economy, but is tiresome served mashed or buttered. Drain the cooked sections, and plunge them into a rich white sauce. Pour into a buttered baking utensil, add needed seasonings, top with grated cheese and crumbs and bake slowly until the dish is fragrant and golden brown.

Be generous with that garden supply of fresh mint, sprinkling chopped mint over chilled fruit juices, as well as iced tea, over melon, fruit salad and fruit cobbler.

WILLKIE LEAVES COLORADO TODAY FOR HOME STATE

Will Make Short Stop in Kansas City; Ready for His Speech

Colorado Springs, Colo., Aug. 15—(AP)—Wendell L. Willkie will fly late today to Indiana, where, in his acceptance address Saturday he is expected to disclose for the first time his views on military conscription.

The Republican nominee arranged to address a crowd at the Kansas City airport (about 4:35 p. m. Central Standard time) during a brief stop. His chartered plane was scheduled to arrive in Indianapolis at about 8 p. m. (Central Standard time) tonight, and he then will motor to Rushville, Ind., the home town of Mrs. Willkie.

The acceptance address which Willkie will deliver Saturday at Elwood, Ind., his own home town, probably will cover the general range of campaign issues, as well as conscription. He gave the address a last minute going over yesterday and sent it to the printer.

On the eve of his departure from his vacation hotel, Willkie renewed his demand that the Democratic national committee return funds paid for advertising in party campaign books and suggested creation of "an impartial board" to enforce election laws.

The nominees said at his press conference he believed the question of "machine political control" would be a major one in the presidential campaign. Then, in response to questions, he named foreign policy and national defense as the two top issues.

Aid to Britain

Aid to Great Britain short of war and a demand for a revitalization of defense were understood to be among the candidate's approaches to those two questions.

Willkie was expected to emphasize particularly his belief that the problem of national defense is intermeshed with that of industrial production.

While the candidate has given no public statement of his stand on conscription, some of his call-

ers have indicated he would approve the idea.

Willkie reported yesterday that General Hugh Johnson, who favors conscription, had been one of his "particular advisers" in the preparation of his acceptance address.

After his Elwood address, Willkie will return to Rushville, for a few days. His plans thereafter are indefinite. Since coming to Colorado Springs July 9 he has conferred with scores of party leaders and others and has made a trip through Wyoming and Utah and another to Des Moines, Iowa.

"HOME FOLKS PARTY"

Rushville, Ind., Aug. 15—A Hoosier "home-folks party" will be the reception accorded Rushville's "favorite son-in-law", Wendell L. Willkie, the wife of the Republican presidential nominee. The Willkies arrive by automobile tonight after a plane trip to Indianapolis from Colorado Springs, Colo., but there will be no official greeting here until Monday.

Nevertheless, an official delegation will meet the nominee's party at the Indianapolis municipal airport. Twenty-year-old Philip Willkie, who has been vacationing in Maine, will join his parents at Indianapolis.

Mrs. Cora Willkie, mother of Mrs. Willkie, will not make the trip to the state capital. She said she

would be "sitting on my front porch when they drive up".

She last saw her daughter and son-in-law at the national convention which nominated Willkie. Mrs. Willkie will go with them to Elwood, Willkie's birthplace—some 50 miles to the north—for his formal notification Saturday.

Plans Indefinite

After that ceremony Mr. and Mrs. Willkie and Philip will return to spend several days at Mrs. Willkie's home. Beyond that, the nominee's plans were indefinite.

A civic meeting has been set for Monday afternoon in Memorial Park and Willkie will speak. This talk has been described as non-political.

"Our Rushville reception is going to be sort of an old-home-week gathering rather than being a political rally", said Mary Sleeth, family friend and former Indiana Republican vice-chairman.

"It is going to be a home-folks party."

While Willkie is here he is expected to inspect his five farms in Rush county. They are managed by Miss Sleeth. He also owns a business building in this county seat of 6,000.

Before her marriage to Willkie, the former Edith Willkie was assistant librarian of Rushville's public library. Miss Sleeth was librarian then.

ILLINOIS DELEGATION

Chicago, Aug. 15—(AP)—Thousands of faithful Republicans in Illinois will journey to

Elwood, Ind. Saturday to hear Wendell L. Willkie accept the party's nomination for president of the United States.

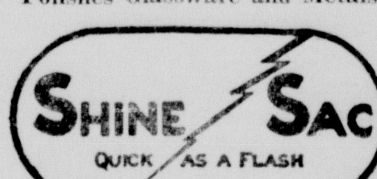

Republican leaders here reported today that 13 special trains had been reserved by delegations planning to attend and that additional thousands of party members intended to make the trip by automobile.

Ben L. Berve, chairman of the Republican state central committee, claimed that as many as 50,000 Illinoisans might be on hand for the first big rally of the presidential campaign.

One special train has been made up for members of the state central committee and party nominees, including C. Wayland Brooks of Chicago, the candidate for United States senator; Hugh Cross of Jerseyville, candidate for lieutenant governor; and George F. Barrett of Chicago, the nominee for attorney general.

Dwight H. Green of Chicago, the gubernatorial nominee, will have another special train for his organization, including an American Legion band.

MERITS OF TOMATOES

Ruddy, firm, full-bodied tomatoes. What could be more colorful, more interesting, and more packed with valuable vitamins.

Whether the customer goes shopping for "to-may-toes", or "to-mah-toes", she wants the identical juicy red product, so versatile at meal-time. With recipes to the right and recipes actually left over for using this vegetable, the thrifty buyer is held down part of the year by feeling she must limit her shopping to the three or four tomatoes that total one pound. But when baskets of fat, juicy tomatoes with smooth skins tell the shopper that home-grown tomatoes are plentiful, then it is time to revel in everything from salad to broiled, fried, stuffed, baked and escalloped tomatoes—and to use them generously in sauces, soups and home-canned specialties.

What fragrance is more tantalizing than chili sauce and ketchup, lavishly with spices and seasonings, simmering on the stove. One sniff promises good flavor next winter.

Outstanding medical authorities not only have endorsed the tomato, but are responsible for its high standing as a food item. This applies particularly to tomato juice as a beverage.

In his work among babies and young children some years ago, Dr. Alfred Hess recognized the necessity for more of the precious vitamin C, which protects against scurvy and tooth decay.

Orange juice was at that time considered the best means of providing this vitamin. But the cost of orange juice made it almost prohibitive in some families.

In seeking a substitute, Dr. Hess began experimenting with tomato juice and found that it was ideal for the purpose. Its richness in vitamins A, B-1 and particularly the very necessary vitamin C, its ability to blend satisfactorily with the baby's milk, and its palatability have all been demonstrated in careful work with babies and children.

According to Dr. Hess, a baby over three months old may be fed two tablespoons of tomato juice a day and as much as six ounces a day may be fed to a baby under one year of age. Dr. Eddy of Columbia University recommends an ounce a day for babies. He also says that one ten-ounce glass of tomato juice is equal in vitamin content to the vitamin C of three oranges, the vitamin B of three yeast cakes, and the vitamin A of one teaspoon of cod liver oil.

Dr. Eddy also is authority for the statement that tomato juice has twice the anti-acid powers of orange or lemon juice, in offsetting the high acid condition associated with colds and grippe.

Because tomato juice is rich in the necessary vitamins and is not a fat-producing food, it stands in high favor with those who want to get thin, or stay thin, and yet enjoy nourishing, refreshing food.

The question of the nutritive value of commercially-canned tomatoes has been raised in cooking school.

It is gratifying to note that the quality and standards of canned products have kept pace with de-

Hollywood Movie Personages Deny Red Affiliations

Los Angeles, Aug. 15.—(AP)—In terms of resentment and disgust, Hollywood movie personages deny they are members of the Communist party or financial supporters thereof as charged in a transcript of county grand jury testimony.

The testimony was that of John Lewis Leech of Portland, Oregon, former Los Angeles house painter, Communist organizer and relief client.

Of the many Hollywoodites Leech named, immediate denials came from the following who could be reached, or their spokesmen: Frederic March, Francis Lederer, Jean Muir, Humphrey Bogart, Lionel Stander, James Cagney and writer Sam Ornitz.

Some of the accused deprecatingly mentioned District Attorney Byron Fitts' current campaign for re-election.

Leech testified in an inquiry that resulted in murder indictments last week against five men accused of complicity in a waterfront killing five years ago during a reported union dispute.

Actor March last night said that so far as he was concerned "Leech is an unmitigated liar" and that he would like to meet Leech "face to face and call him a liar."

"Campaign Material" Writer Ornitz said "I have been consistently attacking District Attorney Byron Fitts on the basis that he is a bad influence for the community, for the home and in general."

"It is sad," Ornitz continued, "that Mr. Fitts elected to prey

upon and slander innocent people just before the primary election because they oppose him."

Actor Stander said the inquiry is "just campaign material—for Mr. Fitts, who is using big Hollywood names for his own benefit."

Bogart declared he had never contributed money to a "political organization in any form" and said "I dare the men who are attempting this investigation to call me to the stand."

Others named by Leech included director Herbert Biberman, director Frank Tuttle and his wife, Tanya; producer Frank Davis, playwright and scenarist Clifford Odets, actor Franchot Tone, director Gregory LaCava, writer Frank Scully, scenarist Lester Cole, and Buddy Schulberg, son of producer B. P. Schulberg.

British Constan in Pleas for Destroyers

Washington, Aug. 15.—(AP)—Secretary Morgenthau said today that the British were repeating "every week" urgent appeals for permission to buy old United States destroyers.

At a press conference, the treasury chief declared the question of destroyers first came up "several months ago" and had been pressed ever since.

He was asked whether the British had discussed such methods of paying for the destroyers as trading British islands in the western hemisphere, but replied that "I'm not going into that."

The secretary also said that requests of the British to buy more airplanes still were in the negotiation stage.

Victims of Fatal Auto Crash Were Visitors in City

Anthony Setinz, 31, LaSalle, who was killed in an automobile accident on route 51, a mile and a quarter south of Mendota early Wednesday, and his companion, Miss Angeline Mondry of Peru, who suffered two fractured vertebrae and multiple bruises in the crash, were en route to their homes after a visit in Dixon, when tragedy overtook them.

According to reports, the new sedan Setinz was driving skidded on the slippery pavement, ran onto the soggy shoulder, and struck a telephone post. As Setinz tried to get the car back on the pavement it skidded again, careened across the highway, rolled over several times and landed on its left side, crushing Setinz beneath it.

At a coroner's inquest held at

the Zak-Shimkus-Schleicher funeral home in LaSalle yesterday Miss Mondry said she managed to extricate herself from the wreckage by crawling through the opening where the windshield had been and after some searching found Setinz lying under the car. Unable to move him and unable to rouse the occupants of a nearby farm house, she had to walk northward toward Mendota about a quarter of a mile before she could get help. She succeeded at that point in flagging down a truck being driven south by William Hanson of Holland, Mich., who hurried back to Mendota for help. Setinz was dead before help reached him. His neck was broken and his head crushed.

State Highway Patrolmen Ray Schmeier of Mendota and Fred Mathieu of Peru, who investigated the accident, testified that it was 3:15 a. m. when they were notified of the accident, and by

the time they reached the scene they could discern no heart or pulse action.

SPECIAL ASSESSMENT NOTE
Notice is hereby given to all persons interested that the City Council of the City of Dixon, in the County of Lee and State of Illinois, has by Local Improvement Ordinance Number 298, Series of 1940, passed by the City Council of said City, August 2, 1940, and approved by the Mayor of said City, August 2, 1940, ordered the construction of a sanitary sewer in Galena Avenue in the City of Dixon, Illinois along a line described as follows:

Beginning at the existing sanitary sewer manhole in Galena Avenue at Patrick Court and extending southerly a distance of sixty-five (65) feet to a manhole to be located twenty-one (21) feet perpendicularly distant from the tangent to the centerline of Galena Avenue and sixty (60) feet south of the said existing sanitary sewer manhole, thence extending southeasterly in a straight line parallel to and twenty-one (21) feet perpendicularly distant from and westerly of the centerline of Galena Avenue and its tangent extended a distance of six hundred (600) feet to a manhole there located, all with a total of three (3) manholes, and necessary house connection laterals, all in the City of Dixon, Illinois, as specified in said Ordinance;

that said Ordinance is now on file in the office of the City Clerk of said City of Dixon; that application has been made to the County Court of Lee County, Illinois, for an assessment of the cost of said improvement according to the benefits as provided by law and said ordinance; that an assessment therefor has been made and returned to said Court and that the final hearing thereon will be held before the said Court in the County Court Room in the Court House in Dixon, in said Lee County, at Ten o'clock A. M., on Friday, the 23rd. day of August, A. D. 1940, or as soon thereafter as the business of said Court will permit.

All persons desiring may file objections to said assessment in said Court before said time and may appear at said hearing and make defense.

Said Assessment is payable in Ten (10) annual installments and all installments bear interest at the rate of Five (5) per cent per annum according to law, until paid.

Dated, August 7, 1940.
RUTH LEYDIG MERRICK,
Commissioner.

Five Canadian Fliers Die in Crash of Plane
Ottawa, Aug. 15—(AP)—Five Canadian airmen were killed in the crash of an air force plane on a routine flight yesterday, the air ministry announced today.

The plane fell between Allford bay, British Columbia, and Patricia bay.

Oil wells of Burma produce 300 million gallons a year.

Case of "Delayed Vocation"

The career of Jimmy Hatlo, (above) famous comic artist whose daily cartoon, "They'll Do It Every Time", will appear in the Dixon Evening Telegraph beginning Aug. 19 is a striking example of delayed vocation. Jimmy Hatlo's rapid rise to fame as a cartoonist came years after he had discarded his drawing board. Only by the merest chance, after years in other fields, did he resume his cartooning, there to find his life work.

Jimmy Hatlo, New Englander by birth—he was born in Providence at the turn of the century—has spent most of his life in California. He left high school to be a printer's devil, worked in the art department of a Los Angeles newspaper, and still young, began drawing sports cartoons. Success was elusive. He finally put away his drawing, and left newspaper work to become an automotive publicity man, run an advertising agency, and after varied experiences in advertising and publicity work including movies, he gravitated back into newspaper work on the automobile desk of the Call-Bulletin in San Francisco.

Although at this time Hatlo had been away from his board for years, one day as a diversion, he

drew a football cartoon. Its reception was so warm that he soon resumed his art work, and then essayed a successful series of editorial cartoons. One day the newspaper needed a comic cartoon; Hatlo obliged with an amusing panel, the first one of "They'll Do It Every Time" series, and it was an instant success. Now he is among the best known of the comic artists.

Hatlo finds his greatest satisfaction in drawing comic cartoons. He used to sermonize with political cartoons. He believes his comics expound his philosophy much more effectively. As an evidence of their wider appeal he cites his daily mail, which is many times more bulky since he developed his present style of panel.

The artist's cartoons are largely based upon his own highly varied life. But he acknowledges many ideas to admirers who write him their suggestions. Hatlo is enthusiastic about his work. Reluctant to preach by the spoken word, he nevertheless admits that the story of his interrupted career may hold a moral. But he'd sooner draw a picture about it than talk about it. "I hope I can always continue to draw along humorous lines", he says.
